Bio:

Mike Celona is a media artist, editor and VJ based in Rochester, NY. He's always been interested in exploring the unique aesthetic and technical properties of the video medium as a means of expression through synthesis, digital & analog processing and the selective sequencing of images (both found as well as my own) to form collages that do something other than tell a conventional story.

Education:

2001 – 2005

Syracuse University

College of Visual and Performing Arts

BFA in Video Art with concentrations in Cinema History and Art Photography
